## O'Connor's Restaurant & Bar

1160 West Boylston St.

Worcester

O'Connor's serves more meals in a night than many restaurants serve in a week.

There's a reason. Brendan and Claire O'Connor's place has been setting the standard for great service, atmosphere and find food for years. The menus always has some great surprises, as well as new cuisine and traditional Irish fare — and the seafood is out of this world. Expect to wait on weekends, but the friendly bar's huge offerings of stouts, beers and ales will help the time pass quickly.

Once you try O'Connor's, you're sure to become a loyal customer.
